Dog Gone Smart Green is proud to introduce the world's first completely biodegradable pet bed. Every year millions of pet beds are discarded. Our beds are made with all natural and organic plant materials which completely decompose returning to nature. The other so-called "green" beds on the market are mostly filled with recycled bottle caps and metal zippers that can take thousands of years to decompose. Dog Gone Smart Green is the first to design a completely natural bed that is good for the environment and good for your pet.
