Excerpt from The Spiritual Ascent of Man

This book aims at bringing the best philosophical thought of the time within the range of the ordinary reader. It is an undertaking likely to be all the more useful, as the ordinary Englishman is not a philosopher; with him, as with Dr. Johnson's friend, "cheerfulness will keep breaking in." This cheerfulness is doing noble service to the nation to-day in the trenches and in the workshops. But it is itself based on an inarticulate philosophy, and there is danger in our English foible of being too proud to be articulate. For the present is a time which is stirring men to think, and to think hard, who never thought before.
