Excavations in the Great Plaza, North Terrace, and North Acropolis of Tikal: Tikal Report 14 (University Museum Monographs) William R. Coe

This report is integral and pivotal to the entire Tikal publications series. Produced in six separate casebound volumes (3 of text, 2 of illustrations, a map box for oversize plans and sections), this monumental study looks at the very hub of Tikal. *Tikal Report 14* is a tribute to its author, William R. Coe, who not only was able to salvage Tikal from the jungle but meticulously recorded all the resulting data in detailed plans, sections, drawings, and photographs, as well as the written word. This is an integrated site report of unprecedented size and scope.

Tikal Report 14 will be of vital interest to field archaeologists and historians studying aspects of Mesoamerican culture.
