Storm Crashers Richard Wickliffe

Nature's most deadly force just got more terrifying. Imagine hiding in your home during a category-four hurricane. You're suddenly terrorized by dark figures who enter -they are the *Storm Crashers*: high-tech thieves who prey on storm evacuations. They must race the clock and are fearless -until they come across a mysterious young witness who fights back.

Dan Holms, a disparaged investigator, and a rookie female detective are disciplined for believing the young witness's story about "mystery soldiers." The Crashers want to silence the woman who has seen them, and a new Cat-5 is on the way. Holms and the detective unravel their origin with action and twists that could inevitably impact our national security. A story inspired by real crimes, and so unique and action-packed, it was optioned by a "big-six" Hollywood studio.
