A Kind of Magic: Romance Novella - Chloe's Story Charmaine Ross

A fun romance novella filled with a chance conversation, a change of heart and finding unexpected love.

Chloe is given a mundane little red garnet by a perfectly strange stranger. Along with a perfectly strange romance story. She might have left the garnet sitting on the café table where she'd been given it, if she hadn't been so desperate. She was going to her work's Valentine's Day party. And Dion would be there. She'd spent a small fortune turning herself into one of the woman Dion finds attractive.

She was relying on the little red dress that hid far too little, the new complicated blonde up-do that was far too bright, killer heels she couldn't walk comfortably in and the strange red garnet that was now strung on a silvery chain around her neck. Well, who was she to turn down any extra help she could get when it comes to love.

Chloe was determined to break free of her old mundane life where her computer avatar had more fun than she ever had and finally get Dion to notice her. But when Lachlan rescues her from a near tumble from said killer heels, she quickly learns that her priorities might not be just what she expected.
