In this book “The Rat Pack” Frank Sinatra, Dean Martin and Sammy Davis Jnr. have all contributed song titles from the albums that they made together. Legally I can not use Lyrics or Music because of Copyright but I can use song titles so a total of 1337 song titles (Italicized) have been used to make the following story possible. Also due to the nature of my book; legally I must place a Reference (exactly as it is down loaded) and Bibliography at the end of the story. Fred and Sylvia Dawson married and raised their four children in the suburb of Monologue just across the river from New York. The children grew, left home and now have families of their own and three of them live in different countries. This year Nancy, the eldest, has decided to have a family reunion at her place in Chicago at Christmas time and it turns out to be more than a family gathering as each person reveals a hidden secret about an event involving a certain person who has either visited or has spoken to nearly all of the family members, including the parents before they were married and the very young toddlers. Who was this person? Can Sam, their youngest daughter’s husband who was born, raised and lived most of his life in the Cusco and Machu Picchu areas of Peru, where there has been many sightings of UFOs reported over the years, shed light on this mystery by telling them a story from his ancestry in English and in his native tongue of Quechua, the ancient Inka Language, that he translates to them. Does his story have anything to do with the certain person that has visited his other relatives and the UFO sightings? When reading this “Song Title Series” book, I hope that no disservice has been done to the artists and their family as well as their adoring fans who read it, for that was not my intention. As I may have missed a song, an album or a concert within this book I do apologize sincerely. I have created and written this story without the sanctity of the artists and I hope that if they read this they will enjoy it as well. So sit back, relax and enjoy reading this entirely different book because it’s the only way to find out and then make up your own mind about the mysterious person is and don’t forget that as I have used the original song titles in whole, there may be places where I could not changed to make it more comprehensible for you, the reader.
