**Viktor Frankl's Logotherapy: Method of Choice in Ecumenical Pastoral Psychology** Ann V. Graber  
Dr. Ann Graber's magnificent work presented here in the Second Edition on Viktor Frankl is a serious attempt to demonstrate the effectiveness and viability of the use of existential analysis (logotherapy) by those in ministry. Dr. Graber has poignantly demonstrated that existential analysis can be both scientifically sound and theologically grounded. Unlike the other Viennese schools of depth psychology, Frankl centers his work in the spiritual vitality of the human soul wherein is located the origin and destiny of all emotional healing.
