Algernon Sidney

Discourses on Government. To which is Added, An Account of the Author's Life, and a Copious Index. 1st American Edition. 3 Vols Algernon Sidney

First published fifteen years after his execution for treason in 1683, Sidney's Discourses is one of the earliest modern statements of republican ideals. It proposes a doctrine of natural justice and governmental order from which all institutions vary at their peril. More important, the Discourses assert that a king's authority is granted by parliament, which has the additional power to depose him, a controversial idea during the Restoration period.
