Rediscovering Friendship: Awakening to the Power and Promise of Women's Friendships Elisabeth Moltmann-Wendel

"Friendship is a broad sphere which unites heaven and earth..."

Less beholden to traditional models of family and to classical male ideals, a new generation is re-evaluating and transforming friendship, says Elisabeth Moltmann-Wendel.

Observing this phenomenon, particularly among women, she elaborates its biblical affinities and its potential for enriching an often-friendless culture. In an honest and meditative style, Moltmann-Wendel finds in friendship new dimensions of adventure, consolation, self-knowledge, love, and political relevance, as well as profound resonances with Jesus' friendships with women, especially Mary Magdalene, and with his friends at the Last Supper.
