Case Closed: A collection of TMLT closed claim studies, Volume 1 3rd Edition Louise Walling, Michele Luckie, Laura Brockway

This first volume of Case Closed has been published to help physicians practice safe medicine and avoid allegations of professional liability. One of the best ways to remember risk management principles is by studying actual malpractice claims. These closed claim studies show how actions on the part of physicians led to litigation and how risk management techniques may have prevented the outcome or increased the physician's defensibility.
