Periodic Table Little Green Apples Publishing LLC

The Periodic Table Study Brief is intended as a quick reference for students of Science and lifelong learners interested in scientific topics. It presents chemical elements in an easy-to-follow tabular organization on a one-page chart that can be easily accessed as a useful study resource. The Study Brief offers a concise conceptual overview of the periodic table, including its history of development, definitions, trends, and an explanation of the table legend. This title features quick reference to common constants and polyatomic ions; conversion factors; density and specific gravity of gases; SI unit prefixes; elements with their atomic number, atomic mass, and valence; along with many practical examples of common equations.
