Freeing the Buddha: Diversity on a Sacred Path-Large Scale Concerns Brian Ruhe

This book is not written to reinvent the wheel and offer up "just another introduction to Buddhism." This has a fresh approach of Buddhism which does not stir up dust in areas that most people have not thought of.

There are Buddhist teachers who would discuss things privately such as Buddhist views on UFOs, Adolf Hitler and the historical Jesus, but they would not give public talks or publish books on such controversial subjects. The author has the courage to do so as he boldly discusses such topics in this book.
