They have been preppers for four years, and have prepared a retreat where they can hunker down and survive an EMP that cripples the entire country. The group, consisting of three couples, must now reunite in Prescott, Arizona, the site of their bug out location. Two of the couples must use power line easements and old cattle trails to find their way to their ranch in Prescott. They face many challenges during their grueling journey, which they make on ATVs. Meanwhile, the third couple hunkers down at the ranch and prepares for the arrival of their friends. The Prepper's Crucible is the first of a three part series. Follow along as the group struggles to survive and thrive in a world gone mad.
