First in the series. A secret military experiment gone wrong leaves four special-forces soldiers with powerful telepathic abilities. One of those, Michael Sanders, is now an MI5 field agent. Keeping his abilities secret, even from his own team, Sanders and the full surveillance force of GCHQ are on the trail of a far-right activist suspected of planning terrorist attacks.

What should have been a routine surveillance mission starts to go badly wrong when the prime suspect is assassinated in front of Sanders. A telepathic message heralds the return of a deadly force from Sanders' past, hell bent on revenge. Events spiral out of control with murders, rocket attacks and kidnappings on the streets of London.

Fighting to keep his secret, Sanders must battle to stay alive and find those responsible before they complete their plan and bring down the Bank of England.
