Adar Rahid has only been a general for two months, but his problems are already multiplying. He has his hands full with a father who wants to kill him and Helam Morgol, another general who is secretly laying plans to take over the Rarbon city government.

When Adar encounters a gang of bandits brazenly robbing and murdering merchants in his territory he suspects that there is more going on than just a simple robbery. His fears are quickly confirmed when a murder perpetrated by a hidden organization known as the Kopal pulls him into a conflict with Helam where the future of the city is at stake.

While events unfold Adar Rahid struggles to find a distinction between his methods and those employed by Helam Morgol as both take drastic actions to gain the upper hand.

Readers are taken on an adventure between dueling generals in this tale of epic fantasy and science fiction. This action packed story is based in the War of the Fathers universe and happens twenty three years before the events in War of the Fathers. This is the first of four parts.
