**Oracle: A Jade Ihara Adventure (Jade Ihara Adventures) (Volume 1)** David Wood, Sean Ellis

Sometimes, knowing the future is not enough.... For more than a millennium, the Oracle of Delphi guided kings and conquerors with stunningly accurate visions of the future. But, with the rise of a new God, the Oracle faded from memory. Now, the power of the Oracle is about to change the world once more.

While excavating a previously uncharted passage beneath the ancient city of Teotihuacan, archaeologist Jade Ihara makes a startling discovery: enormous stone spheres, arranged to resemble a model of the solar system, slowly orbiting a golden sun. Even more fantastic, when Jade attempts to move one of the spheres, she catches a glimpse of the future...a premonition that will save her life and launch her into a desperate race to unlock the mysterious secret of the oracular orbs. Jade is accompanied by her old friend, former Navy SEAL Pete "Professor" Chapman, and pursued by a relentless secret society intent on burying the secret of the Oracle forever.

Return to the world of the Dane Maddock Adventures in the first book of a thrilling new series, as Jade crosses the globe in pursuit of the secret of the Oracle.

PRAISE FOR ORACLE! I'll admit it. I am totally exhausted after finishing Oracle, the latest Jade Ihara page-turner by David Wood and Sean Ellis. What an adventure! I kept asking myself how the co-authors came up with all this fantastic stuff. This is a great read that provides lots of action, and thoughtful insight as well, into strange realms that are sometimes best left unexplored. Paul Kemprecos, author of the NUMA Files and Cool Blue Tomb
