Under the leadership of Adolf Hitler, the German People look to the future not to the past. We are fighting a battle forced upon us; we are fighting a battle for Germany's future. This struggle makes it an urgent necessity for us to remain ever conscious of how this war came about and what were its ultimate causes. For those who have eyes to see, the facts are as plain as day. Often enough they have been clearly revealed by authoritative sources, notably in the speeches of the Fuehrer. But our enemies are strenuously engaged in attempting to becloud the true facts. In their propaganda, they strive to mislead the public opinion of the world about their war aims as well as about the causes of the war. This makes it essential to establish once more, through authentic official documents, the irrefutable and proven fact that England, and England alone is responsible for the war; that England wanted war, wanted it in order to destroy Germany.
