## **Shoot the Moon** S. P. Perone

Professor Tony Shane is attending a Las Vegas computer conference when he encounters a new university faculty colleague, the beautiful and mysterious Karen Sloan. Unfortunately a mesmerized Shane has no idea that she is about to draw him into the exotic world of high-stakes gambling and transform his life forever. Soon, gambling losses force Shane to submit to an international boss, Giacomo Corsi, who wants to utilize Shane's access to an ultra-secure government computer. As Shane is plunged into the midst of a chilling plot that threatens to throw the country into a chaotic death spiral, he must call upon his old connections-an off-and-on lover, a tough CIA deputy director, and a mob boss-to help him fight off controlling gambling czars and secretly expose a mysterious madman's diabolical scheme. But as a frantic race begins to avert a catastrophic attack, Shane suddenly becomes aware that nothing is what it seems and that Karen is hiding a very dark secret. In this compelling crime thriller, a professor suddenly finds himself drawn into a deadly trap amid the high-stakes world of gambling where he must attempt to stop a horrific plot from unfolding across America.

### From reader reviews:

#### **James Stumbaugh:**

Book is to be different for each and every grade. Book for children right up until adult are different content. As we know that book is very important for us. The book Shoot the Moon was making you to know about other understanding and of course you can take more information. It is very advantages for you. The reserve Shoot the Moon is not only giving you far more new information but also for being your friend when you feel bored. You can spend your spend time to read your reserve. Try to make relationship while using book Shoot the Moon. You never really feel lose out for everything when you read some books.

#### **Terry Snider:**

Nowadays reading books are more than want or need but also work as a life style. This reading behavior give you lot of advantages. The benefits you got of course the knowledge even the information inside the book this improve your knowledge and information. The info you get based on what kind of book you read, if you want drive more knowledge just go with knowledge books but if you want sense happy read one along with theme for entertaining like comic or novel. The Shoot the Moon is kind of guide which is giving the reader capricious experience.

#### **Ian Hall:**

This Shoot the Moon is great e-book for you because the content that is certainly full of information for you who have always deal with world and get to make decision every minute. That book reveal it info accurately using great manage word or we can state no rambling sentences inside it. So if you are read the idea hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but hard core information with beautiful delivering sentences. Having Shoot the Moon in your hand like finding the world in your arm, information in it is not ridiculous a single. We can say that no book that offer you world inside ten or fifteen minute right but this publication already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. stressful do you still doubt this?

#### **Ashley Gibson:**

Is it you who having spare time after that spend it whole day by means of watching television programs or just lying down on the bed? Do you need something totally new? This Shoot the Moon can be the reply, oh how comes? It's a book you know. You are therefore out of date, spending your free time by reading in this new era is common not a geek activity. So what these books have than the others?
