The Military Balance 1995-1996 M Berdal

This work provides up-to-date information on the composition, size, and deployment of the world's armed forces. It has established itself as a global database of the military strength and organization, and the defense expenditure, of the world's armed forces. Packed with economic and demographic statistics, together with details of defense expenditure, it also provides up-to-date analysis of the latest developments in all arms-control fields, details of the mandate and composition of UN and other international peacekeeping roles, and analysis of surface-to-surface missiles, whether armed with nuclear, biological, chemical, or conventional warheads.
