The Home Health Aide Handbook

Jetta Fuzy RN MS, William Leahy MD

The Home Health Aide Handbook Jetta Fuzy RN MS, William Leahy MD

This beautiful second edition of *The Home Health Aide Handbook* is unlike any other handbook or pocket guide on the market. This up-to-date book is a valuable tool for many reasons. For home health aides, it includes all the procedures learned in their training program, plus references to abbreviations, medical terms, care guidelines for specific diseases, and an appendix to include important names and phone numbers. For certified nursing assistants moving to home care, we've included helpful information on making the transition from institutions to homes. In addition, this book contains all of the federal requirements for home health aides so it also can be used in a basic training program. Not only is it inexpensive, but it's also loaded with photos and illustrations! Use it for training AND encourage your aides to carry it with them into the field to use as a quick reference tool.

The second edition contains updated information on:

- all of the federal requirements for home health aides
- a considerable emphasis on observing and reporting
- HIPAA and how to protect a client's privacy
- home care focus boxes
- nutrition and the USDA's MyPyramid
- numerous procedures emphasizing how they are performed in the home, including a new two-step procedure for taking blood pressure
- care guidelines for specific diseases
- pain management
- chart of medical and commonly-used abbreviations
- mercury-free thermometers
- home-care specific tips for housekeeping and cooking
- disaster guidelines
- comprehensive glossary, and easy-to-use index, including a table of where to find procedures

This handy guide is the perfect size. It fits easily into a backpack, purse, or home care bag. Encourage your aides to carry it with them into the field to use as a quick reference tool. It also makes the perfect gift for Home Health Aide Week in November!

This textbook is also available in Spanish. Este libro de texto esta tambien en espanol: *Guia de Tecnicas para Ayudantes de Salud en el Hogar*, Segunda Edicion.

From reader reviews:

Chester Grantham:

Do you among people who can't read pleasant if the sentence chained in the straightway, hold on guys this kind of aren't like that. This The Home Health Aide Handbook book is readable by you who hate those straight word style. You will find the facts here are arrange for enjoyable examining experience without leaving actually decrease the knowledge that want to provide to you. The writer connected with The Home Health Aide Handbook content conveys the thought easily to understand by many people. The printed and e-book are not different in the information but it just different available as it. So , do you still thinking The Home Health Aide Handbook is not loveable to be your top checklist reading book?

Christine Pena:

This The Home Health Aide Handbook usually are reliable for you who want to be a successful person, why. The main reason of this The Home Health Aide Handbook can be among the great books you must have is actually giving you more than just simple examining food but feed anyone with information that perhaps will shock your preceding knowledge. This book is usually handy, you can bring it everywhere you go and whenever your conditions at e-book and printed kinds. Beside that this The Home Health Aide Handbook forcing you to have an enormous of experience for instance rich vocabulary, giving you tryout of critical thinking that we realize it useful in your day action. So , let's have it appreciate reading.

Robert Mangino:

You could spend your free time to see this book this guide. This The Home Health Aide Handbook is simple bringing you can read it in the park, in the beach, train along with soon. If you did not get much space to bring typically the printed book, you can buy the actual e-book. It is make you better to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Elizabeth Rogers:

As a student exactly feel bored to be able to reading. If their teacher requested them to go to the library or to make summary for some e-book, they are complained. Just little students that has reading's internal or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this The Home Health Aide Handbook can make you feel more interested to read.
