An Inverted Apocalyptic Adventure: The Horses emerged from the depth of the ocean during the churning of the oceans, and the turning oceans slowly turned to blood. The Horses swam to follow a moonbeam to a meadow, and once upon the meadow lands they all four vomited, they became sick from being half flesh and half of the fire spirit. Their empathy and sympathy also was spewed upon the prairie. Memory rambling went on in the minds of the four Horses as they recalled their duties. The land of bleeding: Imagery came to them from around the globe, people killing over food, everywhere. Humanity turned into animals, cannibals. Diseases!! Animals and Mammals turn on man... Rapid, rapid, rapid. And the Horses vomited again, thus the brilliant gold crown which is the suns rays of re-birth illuminated, shined on the schools of dolphins racing through the sea, and humanity swimming for their lives, if they where near any kind of water, they surely were, because even Catfish was on the prowl. Dolphins used humans as recreational balls all through the sea, and blood sporting it was the Horses thought, it would be nice aqua valley ball skull. The tables of the world, humanity's world-tables was turned and broken. The invisible time zone cage was finally worthless.
